

Date: November 2007

To: Companies Distributing Fertilizer in New Hampshire

From: Richard B. Uncles, Director, Division of Regulatory Services

Subject: Semi-Annual Tonnage Reports

Enclosed for your use are forms on which to report fertilizer tonnage distributed in the state of New Hampshire for the period January 1, 2008 through June 30, 2008. The New Hampshire Fertilizer Law, under RSA 431:6, requires that the semi-annual tonnage report and the payment of inspection fees shall be filed and paid within 30 days of the close of the period and are therefore due by July 30, 2008.

The inspection fee of 20 cents per ton with a minimum fee of \$5 should be made payable to the "**Treasurer, State of New Hampshire**", and should be mailed with the completed report to the following address:

**New Hampshire Department of Agriculture, Markets & Food
Division of Regulatory Services
PO Box 2042
Concord, NH 03302-2042**

Firms that have registered fertilizer products are required to provide a completed report. When a firm has registered products for sale and reports zero tonnage for a period, they should provide the minimum \$5 fee.

Please contact this office if you should have any questions about the fertilizer reporting requirements. Thank you for your cooperation.
